

MATERIALS

The fabric colors shown here represent our available color options. There are many variables that affect how the colors appear in print. See mill swatch cards for the most accurate color information.

Laminated Nylon

An outer layer of nylon bonded to a knitted cloth for strength, toughness and body. Bonding takes place under heat and extreme pressure to provide an exceptionally strong lamination. Smooth finish is resistant to wear yet offers an inviting "hand". Colors: black, dark green, red, burgundy, navy blue, and royal blue.

18 oz. Canvas

A full 18 ounces per square yard weight 100% cotton canvas duck. Tough and durable, this material is an American tradition. Colors: royal blue, red, black, natural, and navy blue.

10 oz. Canvas

This sturdy single filled cotton duck is available in white, burgundy, navy blue, black, royal blue, and natural.

200 Denier Nylon

This fabric is one of the strongest, yet lightweight materials used in the bag industry. Features a water resistant polyurethane coating. Colors: navy blue, kelly green, white, royal blue, orange, black, and red.

Troy Expanded Vinyl

Cloth-backed supple leather-look vinyl is ideal for crisp screen printing. Colors: black, burgundy, dark green, ghost grey, kelly green, navy blue, tan, true red, royal blue, white, and yellow.

Clear Vinyl

Heavy .016 gauge see-through vinyl is a popular alternative for total security

Vinyl Mesh

Yellow, Kelly, Forest, Black, Red, White, Navy and Flourescent Orange.

Cordura

Strong, heavy-duty 1000 denier nylon fabric with attractive finish is made for many years of wear. Colors: forest green, black, royal blue, red, and navy blue.

600 Denier Polyester

Lightweight, yet strong this fabric has a PVC coating. Colors: navy blue, red, black, white, and royal blue.

Imperial Nylon

Durable nylon fabric with vinyl coated backing. Provides long lasting strength and water resistance. Colors: beige, red, navy blue, burgundy, royal blue, white, dark green, and black.

Veltex Flock

Soft nylon velvet material available in navy, burgundy, forest green, and black. Digital artwork must be submitted for review and approval prior to imprinting on this fabric.
